Microsoft Activex Data Objects Library Download WORK

Oct 26, 2020 Microsoft ADO provides a set of OLE DB services that let you access a database and manipulate its data . Mar 17, 2022 Referencing the ADO Libraries.. The latest version of ADO is packaged as msado15.dll. The latest versions of ADO MD and ADOX are packaged . A: Your troubles are probably because you are mixing different libraries. You must be referencing just one from the image you posted. Replace the reference you have to "Microsoft ActiveX Data Objects (ADO) 2.5.1 (which is the latest and greatest version of ADO)", and keep the 3rd one ("ADO MD"). Also, try to specify the version you are installing (that was commented in the references above). Note that you're trying to install libraries with Visual Studio's Setup and Deployment Wizard; however, you need to use some Add/Remove Programs feature to add or remove the libraries (or use the.msi/setup of the installer). , 5.2°C in January 2019. The monthly average temperature in Vava'u was lowest on record in January 2019, at which was 2.0°C below the all-time low of. Precipitation records also were broken in January 2019 with an annual precipitation total of. There were also a number of new precipitation records throughout the islands. Nuku'alofa set a precipitation record of while the much smaller island of Tafahi registered a record of precipitation. Also, the Tafahi Peninsula recorded a precipitation total of. With a lightning total of, this is a record for the islands of Tonga. A number of other records were also set in the central islands during January 2019. February The same low pressure system that brought cold temperatures to the central and northern islands in January, and which was responsible for precipitation totals in January, continued to the south in February. While some areas did receive rain in February, the precipitation totals were lower than in January. This led to the fifth warmest February on record for Tonga with an average temperature of, which was only 1.9°C below the 1961–1990 average. March The remnants of a subtropical storm brought much warmer weather to Tonga in early March. The first few days of the month saw scattered showers and fog. With this weather came temperatures of at Hamamalo and at the Mat

Microsoft Activex Data Objects Library Download
